Hi Jon,

First, make sure you are using Google Chrome. A number of us in R8 were having issues and turns out Google Chrome is key.

If that doesn't fix it, let me know and I'll track someone down who can help you.

Hi Deb,

We are having trouble pulling up the data and graphs for the sampling locations using the Viewer.

Is there a particular methodology to access the data and graphs or is there a problem with the set up.

Please provide this information to Taimur Shaikh.

Thanks, Jon
